USE OF THIS DIRECTORY FOR SOLICITATION IS PROHIBITED

Memphis State University is an Equal Opportunity/Affirmative Action University.
It is committed to education of a non-racially identifiable student body.

On the cover: The illustration by Publications Office artist Jessica W. Anderson depicts Memphis State's involvement beyond Tennessee and the Mid-South region. The University has more than 30 international programs and activities — and approximately 500 foreign students — that lend a multi-cultural flavor to campus.

MSU-1-9091-12M

GV Publications, 1409 19th St., Lubbock, Texas

GENERAL INFORMATION

NOTE: When an emergency arises, **do not dial 9-1-1!** The emergency center screen would not show information necessary for response. The 9-1-1 Office and the Memphis Fire Department request that all emergency calls be routed through the Memphis State University Security Office dispatcher. The dispatcher will immediately create a conference call with the necessary emergency agency. Security will have the caller's location displayed. This procedure ensures emergency aid routing to the correct location.

IMPORTANT NOTICE REGARDING DIRECTORY INFORMATION

The following information has been designated "Directory Information" by University officials: name of student, address, telephone number, date and place of birth, academic major, dates of attendance, degree(s) awarded and the most recent previous educational institution attended by the student. This information will be released upon request to interested parties unless the student has provided a signed statement to the Records Office, 115 Administration Building, within 14 days of the beginning of classes each semester requesting that such information not be released.

CLASS CANCELLATION & INCLEMENT WEATHER POLICY

In the event that inclement weather requires the cancellation of Memphis State University classes and/or campus activities, local radio and television news media will be immediately notified for dissemination as they deem appropriate. Such closing decisions will also be given to University vice presidents for dissemination through the notification system in place for each MSU division. Cancellations will not apply to administrative offices. Each faculty and staff member and each student is expected to recognize that inclement weather creates conditions more dangerous than normal. Therefore, each person is expected to exercise a high degree of care to avoid accidents. All non-teaching employees who do not report to work during inclement weather will be considered in an annual leave or leave without pay status for the period of their absence. (MSU Procedure 2A:16:01A)

TELECOMMUNICATIONS USER'S GUIDE

Telecommunications Office • 101 Jones Hall • 678-2999

Dialing Instructions

Local Calls

Campus ..... Dial last 4 digits
Memphis Area ..... Dial 9 + number

Long Distance Calls

A. Within the Continental United States, Alaska, Hawaii, Virgin Islands and Canada

1. Dialing Direct
(TIGERLINE AUTHORIZATION CODE REQUIRED)

a. From campus

1) Dial 9 + area code + number; it is not necessary to dial 1.
2) Listen for 3 short beeps followed by dial tone.
3) Enter Tigerline Long Distance Code Number.

b. From Memphis free calling area
(TOUCH TONE PHONE MUST BE USED)

1) Dial 454-0044.
2) Receive dial tone.
3) Enter Tigerline Long Distance Authorization Code Number.
4) Receive dial tone.
5) Dial 9.
6) Receive dial tone.
7) Place call (dial area code + number).

2. Calling Card and Operator-Assisted (0+ calling)
(THESE CALLS ARE THE MOST EXPENSIVE TYPES THAT CAN BE PLACED FROM CAMPUS)

a. Calling Cards

1) Dial 9.
2) Follow instructions given by your Calling Card vendor.

b. Operator-Assisted

1) Dial 9 + 0 for assistance within the South Central Bell calling zone or Dial 9 + 00 for assistance outside the calling zone. (See pages 10, 14 & 15 of the *South Central Bell 1990-91 Greater Memphis White Pages* directory for calling zone boundaries.)
2) Wait for Operator and give requested calling information.

B. International Calls

1. Dialing Direct

a. Dial 9 + 011 + Country Code + City Code + Number.
NOTE: To speed the call on a touch-tone telephone, press the # button after dialing.
b. Listen for 3 short beeps followed by dial tone.
c. Enter Tigerline Long Distance Authorization Code Number.

2. Calling Card or Operator-Assisted
(Same as B.1. above)

C. Toll-Free Calls (800)

1. Dial 9 + 800 + number.

NO THIRD PARTY OR COLLECT CALLS CAN BE BILLED TO ANY MSU NUMBER. **(If collect calls are accepted, the receiving party will be billed for the call plus an administrative charge to recover billing costs.)**

Directory Assistance

A. Campus Listings

1. Dial 0 for campus operator from 8 a.m.- 4:30 p.m.
2. Dial 2041 (University Center Information Desk) evenings and weekends during UC open hours.

B. Off-Campus Listings

1. Local
Dial 9 + 411 (no charge).

2. Long Distance
a. Dial 9 + area code + 555-1212.
b. Listen for 3 short beeps followed by dial tone.
c. Enter Tigerline Long Distance Code Authorization Number.

3. 800
Dial 9 + 800 + 555-1212.

TELECOMMUNICATIONS SERVICES

Facsimile

The Telecommunications Office is equipped to transmit and receive facsimile documents to any point with facsimile capabilities. This service is available to any student, faculty/staff member, department, organization or agency with a University Account number. Rates for sending facsimiles can be obtained from the Telecommunications Office. There is no charge for incoming messages. Incoming facsimile documents can be received 24 hours a day. The telephone number for receiving facsimiles is MSU-FAXX (678-3299).

The PC Connection

Residence students may subscribe to this service which will allow their personal computers to communicate with other devices that can be reached by dial access. The telephone system will provide the proper modem speed interface for all data calls. During data calls, the phone line is still available for placing and receiving voice calls. Students will need to purchase from Telecommunications a hardware adapter for the communications port of their personal computers. Call Telecommunications for further information on service pricing and availability.

Special Features

Basic and Deluxe feature packages consisting of Automatic Callback, Call Hold, Call Waiting, Call Transfer, Call Conference (3-party only) and Speed Dialing are offered to residence students for added convenience and flexibility to meet their communications needs. Students must make application for service at the Telecommunications Office.

Teleconference or Conference Calling

Any person, group or department may hold a telephone conference call for up to six (6) parties. Only one of these parties must be a campus station. To establish a conference call for more than three (3) parties, call the campus operator for assistance.

A portable teleconference telephone is available for persons, groups or departments that would like to take part in a teleconference. This telephone is designed to allow large groups to participate in discussions with remote locations. Groups do not have to be part of the main campus to take advantage of this service.

User's Guides

Telecommunications has developed user's guides for equipment and services offered by the department. Each station user should have a copy of the guide that is appropriate for their telephone. Check with your department for the name of your Communications Counselor. This person serves as an extension of the Telecommunications Office in meeting the needs of the user community. Each Communications Counselor has copies of all user guides and can answer most routine questions.

Assistance

The Telecommunications Office staff is available to assist any person, group or department with any telecommunications needs or services. End user or departmental training, departmental analysis and design, and special services can be arranged through the department. Please call us with any questions, concerns, problems, or for information.

TIGERLINE LONG DISTANCE SERVICE

Long distance service is offered by the MSU Telecommunications Department. Called "Tigerline," this service is available to any administrative/faculty person for official University business. Users may establish a separate account for personal use. Residence students may also subscribe to the service. Application should be made at the Telecommunications Office in Jones Hall, room 101.

User Class	Application
Administrative (MSU Account)	Telecommunications Work Order Request
Faculty/Staff (Personal)	Application for Tigerline Long Distance Service — Faculty/Staff Account
Residence Student	Application for Tigerline Long Distance Service — Residence Student Account

PLEASE NOTE: The cardholder is responsible for all calls charged to his code number. Notify the Telecommunications Office **immediately** if your card is lost or stolen. Any billing discrepancies should be reported to the Telecommunications Office within 10 days of invoice date.

RATES

The Tigerline rate structure is based on the cost of service and is considerably below the cost of alternative long distance services from the campus. A $50 deposit may be required for student accounts. There is no minimum usage charge and no financial limitation on calling ability. In case of excessive call use, the user will be notified and asked to make a payment.

CALL BILLING

After completion of dialing a long distance number, the system automatically begins timing the call. A 30-second grace period is given for domestic calls and a 72-second period for international calls. Users will be billed for any connection greater than stated including unanswered ringing and busy signals. If a wrong number is dialed or a bad connection is received, hang up immediately to avoid a charge.

The telephone system must receive a positive release signal to terminate billing of each call. When consecutive calls are made, take appropriate action to insure that the first call is properly terminated for billing purposes. To terminate calls using standard desk sets or residence lines, hang up for at least 5 seconds. Billing adjustments will not be made for improperly terminated calls.

ACCOUNT BILLING, PAYMENTS AND ADJUSTMENTS

Administrative Accounts —Departments/Agencies are provided a detailed report of all local and long distance usage charges and telecommunications work order charges incurred each month. Billing adjustments to administrative accounts will not be made after the date indicated on the invoice. Any discrepancies must be reported to the Telecommunications Office in writing.

All other accounts —A monthly invoice will be rendered each user with an itemization of all long distance charges. These invoices are due upon receipt and are considered delinquent after 15 days of invoice date. Checks should be made payable to Memphis State University. Payments are to be made at the Bursar's Office before the delinquent date. If payments are not shown posted by the delinquent date, the authorization code will be deactivated until payment is received. A $15 reactivation fee will be charged to restore long distance service.

Any discrepancies or concerns need to be discussed with Telecommunications Office personnel in Jones Hall, room 101. No discussion of accounts will be handled over the telephone.

TERMINATING SERVICE

Administrative Accounts —To deactivate an authorization code, submit a Work Order Request form to the Telecommunications Office and attach the user's Tigerline Card.

Faculty/Staff Accounts —Provide written notice to the Telecommunications Office requesting the effective date of termination of service. Complete final paperwork in person at the Telecommunications Office. ALL CHARGES MUST BE PAID PRIOR TO DEPARTING FROM THE UNIVERSITY.

Student Accounts —Students must go to the Telecommunications Office in person to terminate service. Applicable deposits will be refunded by the Bursar's Office upon termination of service providing there is no outstanding balance. If there is a balance due, the deposit will be used to pay the bill. Any remaining deposit will then be refunded.

An additional payment may be required if the deposit does not cover the balance due. Failure to pay will result in any credit(s) which the student has on deposit with the University (i.e., dormitory reservation, breakage fees, etc.) being applied to the outstanding bill. As in the case of all other financial obligations to the University, nonpayment will result in withholding of registration materials, diploma and/or transcripts.

EARTHQUAKE SAFETY

This information was obtained in part from Federal Emergency Management Agency's booklet #46. It is designed to help you plan for and survive a major earthquake.

The impact of an earthquake can definitely be lessened if certain preparedness measures are taken. Set aside some emergency supplies, and teach your co-workers and family what to do at work and at home during and after a disaster. You could be without help for up to 72 hours, so learn to cope for at least that long.

During a major earthquake, you may experience a shaking that starts out gently and within a second or two grows violent and knocks you off your feet...or...you may be jarred first by a violent jolt — as though the building was hit by a truck; a second or two later you'll feel the shaking and, as in the first example, you'll find it very difficult (if not impossible) to move from one room to another.

Movement of the ground is seldom the actual cause of death or injury. Most casualties result from partial building collapse or falling objects and debris — like toppling chimneys, falling bricks, ceiling plaster and light fixtures. Many of these conditions are easily preventable.

If you are indoors, stay there. Get under a desk or table or stand in a doorway or corner. Remember — stay clear of windows, bookcases, cabinets, mirrors, and any heavy hanging or unsupported objects until the shaking stops.

Because earthquakes occur without warning, it's important to take steps now to prepare so that you know what you can do and how to respond. Constructive, protective action IS possible.

EMERGENCY SUPPLIES

Have on hand for any emergency:

• *Flashlights - with spare batteries.* Keep a flashlight beside your bed or desk. Do not use matches, candles, or any device with an open flame after an earthquake until you are certain no gas leaks exist.

• *Portable Radio — with spare batteries.* Most telephones will be out of order or in use for emergency purposes so radios will be your best source of information. ***Do not use the telephone unless you have an immediate emergency.***

• *First Aid Kit, First Aid Knowledge.* Have a first aid book on hand and familiarize yourself with its contents. Take the basic Red Cross first aid and CPR courses. The Safety Services Office (ext. 2256) can help arrange for this training.

• *Fire Extinguishers.* Keep a fire extinguisher handy for small fires. Class ABC extinguishers are designed to be used safely on any type of fire. The Safety Services Office (ext. 2256) can arrange a demonstration of the proper use of extinguishers.

• *Food.* It's always a practical idea to keep a supply of non-perishable food on hand which can be rotated into your diet and replenished on a regular basis. Have enough powdered milk and canned juices to last for at least 72 hours. Dried cereals and fruits and non-salted nuts are a good source of nutrition.

• *Water.* Water should be stored in airtight containers and replaced about every six months. Store at least three gallons of water per person. Also have on hand purification tablets such as Halazone and Globaline but be sure to read the label on the bottle before using tablets. Halazone and Globaline tablets are available from most safety product companies and pool or hot tub supply companies.

• *Special Items.* Have a week's supply of medications and special diet items needed for infants or those on limited diets.

• *Tools.* A pipe wrench and crescent wrench are needed for turning off gas and water mains.

OFFICE PREPARATION

• Ensure that chemicals and other hazardous materials are stored in securely closed cabinets and that appropriate warning signs are posted in areas housing hazardous materials.

• *Attach free-standing furniture* such as cabinets, bookcases, and wall shelves to structural supports.

• *Check latches* on file drawers to prevent contents from spilling.

• *Remove heavy objects* from high shelves.

• *Secure wall-mounted objects* (clocks, artwork, etc.) to prevent them from falling.

• *Secure equipment*, such as computers, typewriters, etc. to work surfaces.

• *Secure hanging plants* to prevent them from swinging free or breaking windows during an earthquake.

• *Familiarize yourself with emergency exits* in closest proximity to your working area.

• If lighting is dependent on electricity rather than sunlight, *keep a flashlight and plenty of batteries on hand.*

• *Don't use elevators* during an earthquake.

HOME PREPARATION

Everyone in your home should know how to turn off electricity, gas and water at the main switches and valves. Caution: Do not shut off gas unless an emergency exists (leaks). If gas is ever turned off, remember that all pilot lights must be relit. Label water shut-off valve (located where water enters the house). Also label main water shut-off valve, located with the meter in a submerged concrete box in or close to the sidewalk.

It's important to know where you should go for protection when the house begins to shake. By planning and practicing what to do before an earthquake occurs, you can condition yourself and your family to react correctly and spontaneously when the first jolt or shaking is felt.

You can identify potential dangers by conducting an earthquake

hazard hunt. Foresight and common sense are all that are needed as you go from room to room and imagine what would happen in an earthquake. Be particularly aware of the following possible hazards:

• *Tall heavy furniture* which could topple, such as bookcases, china cabinets, or modular wall units.

• *Hot water heaters* which can be pulled away from pipes and rupture.

• *Appliances* which could move enough to rupture gas or electrical lines.

• *Hanging plants* in heavy pots that could swing free of hooks.

• *Heavy picture frames or mirrors* hung over the bed, sofas, chairs, etc.

• *Latches on cabinets* which will not hold the door closed during shaking.

• *Breakable or heavy objects* that are kept on high or open shelves. Of special concern are hazardous chemicals such as insecticides and household cleaning products often found in glass containers.

• *Masonry chimneys* that could crumble and fall through an unsupported roof.

ACTION DURING AN EARTHQUAKE

Each person should know safe spots in every room. The best places to be are under supported archways, against inside walls, and under heavy pieces of furniture like a desk or sturdy table. Stay away from windows, hanging objects, mirrors, fireplaces and tall, unsecured furniture or shelving.

• If you happen to be *in the kitchen,* turn off the stove at the first sign of shaking and quickly take cover under a counter or table, or in a doorway.

• If *in a crowded public place,* do not rush for the doorway since other people are going to have the same idea. Move away from display shelves containing objects that may fall.

• If *in a multi-storied building,* get under a desk, stay away from windows and outside walls. Stay in the building on the same floor. Don't be surprised if the electricity goes out, elevator or fire alarms go on, or sprinkler systems are activated. Do not use elevators!

• If you are *outside*, get into the open away from buildings, trees, walls and power lines.

• If you are *in your car*, pull to the side of the road and stop the car. Do not park under overpasses or power lines. Stay in your car until the earthquake is over (average duration is 3 minutes). If the earthquake has been severe, do not attempt to cross bridges or overpasses that have been damaged. If a power line falls across your car, stay in the car. If possible, drive away; otherwise, wait to be rescued — do not get out.

ACTION FOLLOWING AN EARTHQUAKE

• When the ground stops shaking, *check for injuries.* If anyone has stopped breathing, give mouth-to-mouth resuscitation. Stop any bleeding injury by applying direct pressure to the wound. Do not move seriously injured people unless they are in immediate danger of further injury. Cover injured persons with blankets to keep them warm.

• *Do not use the telephone unless there is a severe injury.*

• *Wear shoes* in areas near fallen debris and broken glass.

• If possible, *put out small fires;* if not, leave your building or home immediately and alert neighbors.

• *Check gas, water and electrical lines and check appliances* for damage. If you smell gas or see a broken line, shut off the main valve. Do not switch on the gas or electricity until the power company has first checked the building. Do not search for gas leaks with a lighted match or open flame. Do not use electrical switches or appliances if gas leaks are suspected because sparks can ignite gas from broken lines.

• *Switch off electrical power* if there is damage to the electrical wiring.

• *Do not touch downed electrical lines* or broken appliances.

• *Clean up spilled medicines, bleaches, gasoline, insecticides or other hazardous chemicals.* (Vermiculite is recommended for absorbing chemicals and is available at most auto supply stores. Vermiculite is reasonably priced. Kitty litter may also be used but vermiculite is preferable.)

• *Check to see that sewage lines are intact* before using the toilet. Plug bathtub and sink drains to prevent sewage backup. If the water supply is cut off do not use toilets.

• *Check food and water supplies.* If water is cut off, use emergency water supplies found in toilet tanks (not the bowl), water heaters, melted ice cubes. Do not eat or drink from containers that were open during the quake. They might contain shattered glass.

• *Check closets, cabinets, and cupboards.* Open doors cautiously. Beware of objects tumbling off shelves.

• *Check the building for cracks and damage,* particularly the chimneys or masonry walls. Do not use fireplaces unless the chimney is undamaged and without cracks.

• *Turn on your battery-powered radio* (or car radio) for damage reports and information.

• *Use charcoal broilers or gas grills* for emergency cooking (only when outdoors).

• *Do not use your vehicle,* unless there is an emergency. Do not go sightseeing through badly damaged areas. You will only hamper relief efforts. Keep streets clear for the passage of emergency vehicles.

• *Be prepared for aftershocks.* They are usually smaller than the main quake but some may be large enough to do additional damage to structures weakened during the main shock.

• *If you evacuate, post a message* in clear view stating where you can be found. List reunion points in case of separation.

Take with you:
• Medicines and first aid kit.
• Flashlight, radio and batteries.
• Important papers and cash.
• Food, sleeping bags/blankets and extra clothes.

Volunteer to assist in the University's recovery effort!

THE DAILY HELMSMAN

EXTRA! EXTRA!

YOU JUST SUBSCRIBED TO THE DAILY HELMSMAN!

As a Memphis State University student, you are automatically a subscriber to The Daily Helmsman, the official student newspaper on our campus.

Be sure to pick up your copy every Tuesday through Friday this Fall and Spring. It's full of news and features written just for you by students like yourself.

Got a story to tell? Call The Daily Helmsman editor at 678-2192. Let us know what you and your friends are planning, whether it 's a party, a meeting or a dorm event. We are interested in getting out the word.

Do you write and/or take photos? Please come by and see us. Any student enrolled at the University is eligible to work on the newspaper. (And for sales and marketing students, we've got great on-job-training jobs.) Our regular student staff members are all paid, and volunteer staffers can make a few bucks, too.

Check us out. We're your voice at MSU, and what you think and say matters to us. For more than 50 years, The Daily Helmsman has been the eyes and ears of the student body, and we are here to shed light, entertain you and provide a forum for your views.

Questions? Call us at 678-2191 or 678-2192 for details.

The Daily Helmsman. . .

coming to you each morning

THE DAILY HELMSMAN

EXTRA! EXTRA!

YOU JUST SUBSCRIBED TO THE DAILY HELMSMAN!

As a Memphis State University student, you are automatically a subscriber to The Daily Helmsman, the official student newspaper on our campus.

Be sure to pick up your copy every Tuesday through Friday this Fall and Spring. It's full of news and features written just for you by students like yourself.

Got a story to tell? Call The Daily Helmsman editor at 678-2192. Let us know what you and your friends are planning, whether it 's a party, a meeting or a dorm event. We are interested in getting out the word.

Do you write and/or take photos? Please come by and see us. Any student enrolled at the University is eligible to work on the newspaper. (And for sales and marketing students, we've got great on-job-training jobs.) Our regular student staff members are all paid, and volunteer staffers can make a few bucks, too.

Check us out. We're your voice at MSU, and what you think and say matters to us. For more than 50 years, The Daily Helmsman has been the eyes and ears of the student body, and we are here to shed light, entertain you and provide a forum for your views.

Questions? Call us at 678-2191 or 678-2192 for details.

The Daily Helmsman. . .

coming to you each morning
